

Quinta Bonita

Here's where you'll find us... From Lisbon

Quinta Bonita is conveniently located just outside Lagos, close to the N125 road which runs the length of the Algarve from Sagres to Spain.

The journey should take you about 2.5 hours (300km).

- You will be travelling down from Lisbon to the Algarve on the A2.
- Continue to the end where the A2 meets the A22 which is the main motorway along the Algarve. You will need to pay a toll here. Be sure to turn West in the direction of Portimao.
- Remain on the A22 for approx 15/20 minutes past all the junctions until Exit 1 Lagos West. Come off at Exit 1 Lagos West and at the first roundabout take the first exit, to the right, signposted V. Do Bispo.
- At the next roundabout take the second exit, to the right, signposted Vila Do Bispo. You are now on the N125.
- Continue heading West along N125 for about 200 metres.
- You will see several white walls on the hill to your right, turn off the main road immediately after the overtaking sign to your right and immediately turn left to follow the road along the wall which runs parallel to the main road until you come to the end of the wall and a steep road leading up the hill to the right. Quinta Bonita is half way up the hill.
